

Ruby Ruffle® Patio Peach

PATIO PERFECTION

Prunus persica 'NC Peach-6' • PP 34,261

A real eye-catcher in patio containers and the landscape, this tidy tree gets its name from the wavy leaf and petal margins that give its foliage and blooms a ruffled appearance year-round. Ruby Ruffle® is the only patio Prunus with burgundy foliage and dark pink flowering, combining the foliage color of Prunus 'Bonfire' and the flower color of Prunus 'Bonanza' onto one plant. Expect a heavier spring bloom from this variety than others on the market. New growth reliably retains its dark hue for extended color interest.

- Ornamental patio peach
- Abundant, dark pink blooms
- Mature at 4–5'
- Zones 5–8
